

The Kentucky Smoking Problem

Cigarette smoking remains the leading cause of preventable death and disability in the United States, despite a significant decline in the number of people who smoke. Over 16 million Americans have at least one disease caused by smoking. This amounts to \$170 billion in direct medical costs that could be saved every year if we could prevent youth from starting to smoke and help every person who smokes to quit.

In 2020, **35%** of Kentucky high school **youth** reported currently using **any tobacco product**, including e-cigarettes. Among Kentucky **adults**, **23.4%** reported currently smoking **cigarettes**.

119,000

Kids under 18 who will ultimately die prematurely from smoking

8,900

Adults die from smoking-related illnesses each year

\$1.9B

Was spent on healthcare costs due to smoking in 2020

Need Help Quitting Tobacco?

For telephone cessation counseling contact 1-800-QUIT-NOW (1-800-784-8669) or www.quitnowkentucky.org

For local tobacco cessation classes call 502-955-5355

Restaurant Owners: Let us know when your restaurant becomes smoke free, and we will be pleased to include you in future publications.
